AMENDED

From: Sherry A. McGowan, Treasurer
Flora for State Representative

I had not received the notice you sent me about Vaughn's July 24th, 2006 report error until I submitted his October 30th report to your office. After showing Vaughn a copy of the Schedule C information you were requesting he decided to just reimburse the campaign for the funds (\$15.00 ticket charge) which was a ticket he received during the legislative session and \$61.45 in legal fees for being late in paying the ticket. So, attached is a copy of the check for reimbursement to the campaign.

Your office said I could just put that on the January 2007 report and that I didn't need to submit an amendment at this time. If that changes, please let me know.

I'm sorry for not getting this done in a timely fashion but have been moving, dealing with my mother-in-law's estate, and going through about 5 surgeries since may 8th for kidney stones.
