AMENDED

Dear Ms. Williams,

Please consider this an amended report for the purchase of a game table. The table was purchased as a suitable table for meetings in my office. It is a round table with four chairs and of a style that has passed muster with the chief Architect for the new office complexes in the west end of the capitol building. It is perfect for meeting with small groups of people that come to my office. It also is used as a work table for my secretary and myself.

Thank you

Representative John Faber
