To whom it may concern:

It has been brought to my attention recently that my purchase of "bike equipment" with campaign funds has received some questioning and an explanation was asked for. As a candidate for office I have become fairly well know for riding my bike campaigning door to door. I do this particularly in the more rural areas in Soldier Township and in the North Topeka areas. The equipment I purchased was a small cooler that could be detached and has been used for keeping water cold for myself and volunteers. The other piece of equipment I purchased was a bag to hold a clipboard and campaign materials. I found this to be very important following a couple of accidents during the last campaign cycle caused by riding and carrying those materials by hand and city potholes. I have not used these materials at all for personal use and have no plans to, but if the commission, or community feels that it would be more prudent I would be willing to repurchase that equipment from my campaign.

Thank you for the opportunity to explain this decision,

Representative Sean Gatewood

Karina,

In reviewing my campaign finance reports I discovered that the NE Kansas Building Trades PAC have over contributed to my campaign. I did not catch this until it was already reported and deposited into the campaign account because of the time that had passed between the two checks. As a remedy for this matter I have already contacted them and will be writing a check back to them for the \$100 over-contribution. I apologize for this situation. If there is anything further please feel free to contact me any time.
