Subject: Amendment to R&E Report

KS Government Ethics Commission
AMENDED

Hello,

I received a notice to correct my October report and figured out the errors.

- The \$300 contribution from the Kansas Committee for Rural Electrification PAC was listed as a contribution from the Kansas Electric Cooperative. I attached a PDF of the page from my report (SchA1) and the check. Should I make the correction on the name and resubmit the report?
- The \$50 contribution from the Kansas Manufactured Housing Industry PAC was listed as an un-itemized donation. I attached a PDF of the check. Should I list it as an itemized contribution?
- On line 2 of the front page summary sheet, the \$20,354.52 entry listed for the Sch. A total is the correct total. The total is the sum of the itemized contributions (\$19,750) and the un-itemized contributions (\$604.52), for a total of \$20,354.52. I attached a PDF of the page from my report (SchA2).
