AMENDED

Dear Ethics Commission,

In response to your letter concerning a check from the Kansas Optometric PAC, I have discovered that I did in fact receive a contribution of \$300 from their PAC. My photo copy of their check was not grouped with my other contributions and therefore, unintentionally omitted from my finance report. Please consider this my amended finance report with a corrected ending balance of \$3,292.29. Thank you.

Sincerely,

Brett Hildabrand

Representative, District 23
