ANNOUNCEMENT

Carol,

Please accept the following explanations to the errors reported in the notification I received from your office dated 8-13-13 as corrections to my campaign finance report.

Item 1.

Concerning the contributions from Ivan Crossland, I inadvertently entered the incorrect date (7-30-13) on the second check in the Oct 29 report and failed to catch the error on the Jan 10 report. I received the first check on 7-18-12 and the second on 10-19-12. I did not receive them both in the primary time frame. I have photo copies of the checks if you need to see them.

Item 2.

Concerning the contributions from Rogers Warehouse Development, this is another mistake on my part as incorrectly listing the entire name of the contributor. Both checks were given me on 10-18-12 but they were from two different companies. I have one contribution given to me by Rogers Warehouse Development, LLC, and the other given to me by Rogers Warehouse Development II, LLC. I have photocopies of both checks if you need to see them.

Item 3.

Concerning the cash given to the campaign by myself, this was not a cash contribution. I incorrectly listed it as cash, but it was a loan of \$110.00 to the campaign by me by means of a check.

Item 4.

Concerning the loans payable, I repaid myself in the amount of \$891.46 after the election was over. I should have listed the amount payable to me on Schedule D of both the Oct and Jan Reports. I thought I had stated so on my Jan report, but evidently not.

I hope you find these explanations to the errors in your report to be satisfactory. I have not made any changes to my online report as a result of this notification. Please inform me of any changes that I will need to make on my finance report so as to be in compliance with Kansas Statutes. Please feel free to contact me with any questions or comments at this email address, my Ks House address, or by phone. My cell number is 620.704.3817.
