Additional notes for Schedule "A"

We had three people try to make contributions with "PayPal". I listed them as contributors on the dates of their contributions. However I was never able to get those funds moved from "PayPal" to the bank account. With this report I am showing them as a negative contribution in order to offset the original contribution.

I have enclosed an Excel spreadsheet (marked Schedule A-1) showing the ordinal contribution.

Those funds may still be out there in "PayPal" clouds somewhere, but as of today they are not here and are not available.

This is the only way I knew how to make the correction. If there is a better way please let me know.

A handwritten signature in cursive script that reads "Lloyd Kurtz". The signature is written in black ink and is positioned above the printed name.

Lloyd Kurtz
