Re: Dan Brenner

Dear Ms. Renna:

I have met with Mr. Brenner and reviewed the history of the Kansas National Educational Association Pac Action Committee contribution to him in the amount of \$500.00. KNEA apparently prepared a check on June 23, 2016. It is Dan's recollection that he did not take physical possession of that check until the following Monday, June 27, 2016. It was delivered to me some time thereafter and was ultimately deposited with other donations on July 15, 2016.

Based upon the history of that contribution, is we need take further action, please advise.

Respectfully,

J. Richard Lake
