Update on termination of finance report for Christy Levings, Candidate for Kansas House 6th District

On January 11, 2017 I received an email from PayPal which was used as the money transfer service for the campaign website. A Mr. Ken Bingman, of rural Spring Hill, Kansas, had requested his \$200.00 donation given on October 28, 2016 be returned as I was not a successful and responsive candidate. I appealed to PayPal that this was not appropriate and was not timely after two months and that our finances had been filed with the state for the January 10th deadline. I was notified this week that I lost that appeal and must reimburse the \$200 plus a \$20.00 fee.

In terminating our campaign account we had intended a \$194.15 donation to the Miami County Democrat Party to bring our account to zero, we will now pay that to Pay pal plus I will pay the 25.85 in order for us to return to zero.

Please let us know if you need additional information and thank you for that help. I would also appreciate a return email that you received this and that this is sufficient to add to the termination report.

Yours,

Christy Levings
