KS Governmental Ethics Commission

I received your Notification of Material Error..... and I checked with Marc (who now has all my reports). I remember what happened on the \$2,800 contribution to the Republican House Campaign Committee.

When I was closing out our books, Marc told me to write a check to them for \$2,800. Apparently he told them it was coming, but when I finished paying all our expenses, I didn't have that much left. So we didn't send them a check at all. In fact, I sent the balance to the Harvey County Republican Central Committee — which gave me a zero balance.

Please call me if you have any more questions. My new number is 620-951-8090.
