AMENDED

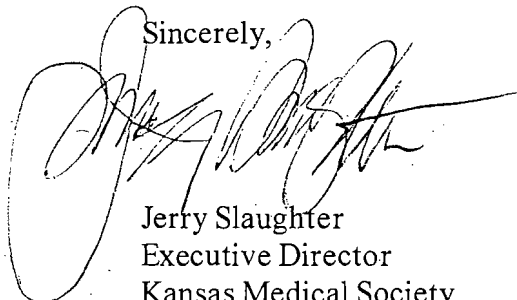

RE: Notification of Material Error or Omission In A Receipts and Expenditure Report

Thank you for your July 9, 2010 letter outlining material errors contained in our January 10, 2010 Receipts and Expenditures Report covering the period January 1, 2009 through December 31, 2009.

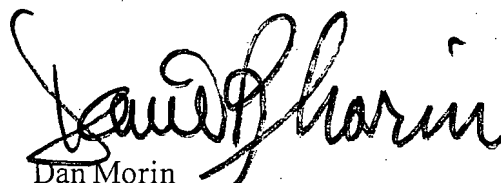

Up until the January 10, 2010 Receipts and Expenditures Report we had combined account balances from our federal and state accounts when reporting beginning and ending balances. We then became aware that combining the two accounts was unnecessary and we were not required to report any federal account activity through state reporting. As of December 31, 2009 there existed a \$30,900.25 balance within our state PAC account and \$12,255.67 within the federal PAC account (the difference between our January 10, 2009 Report and our January 10, 2010 Report). The correct balance (cash on hand) of \$30,900.25 contained in our January 10, 2010 Receipts and Expenditures Report was the correct balance in our state account.

Thank you very much for your time and attention to our response. We will continue to ensure any future reports are correctly itemized. Please do not hesitate to contact us with any additional comments, questions or concerns.

Sincerely,

Jerry Slaughter
