Errors/Omissions:

K.S.A. 25-4153(f) states: “Any political funds which have been collected and were subject to the reporting requirements of the campaign finance act shall not be used in or for the campaign of a candidate for federal elective office.”

Not only does this statute prohibit your committee from making monetary donations to federal candidates, it also prohibits you from making any expenditures in support of federal candidates. This includes (but not limited to) the purchase of any political materials such as signs, flyers, or pins. Even if the materials are purchased from a third party and not directly from the candidate’s campaign, these purchases are still prohibited.

The following contributions violate K.S.A 25-4153(f). The return of these contributions should be documented in schedule A on the July 29, 2024, Receipts and Expenditures Report. Alternatively, the funds can be reimbursed by an entity that is permitted to contribute to federal candidates under the campaign finance act.
