RE: Receipts and Expenditures Report Due January 10, 2018

Dear Mr. Skoglund:

In response to the Notice of Material Error or Omission that we received regarding a \$500.00 contribution for Jim Denning from NextEra Energy Resources, LLC, which was logged in the January 10, 2018 report, Schedule A, as having been received on 01/21/2017, please accept my apologies and correct our records as follows:

The contribution indicated on our Receipts and Expenditures Report Due January 10, 2018 from NextEra Energy Resources, LLC, was actually received on December 29, 2016. I incorrectly listed the date the contribution was deposited into the bank instead of the date the contribution was received.

It is my understanding, after having called the Ethics Commission, that this correspondence is sufficient to correct the error and that we will not need to note anything on Schedule C regarding this error on the January 10, 2019 report. In addition, since the contribution was received prior to January 1, 2017, no refund to NextEra Energy Resources, LLC, is required.

If this is not correct, please contact me at 913-451-9578 or send correspondence to me at the address below.

Sincerely,

Kathryn S. Vance

Kathryn S. Vance, Treasurer
Jim Denning for Kansas, Senate
