Bonnie Sharp-candidate for Insurance Commissioner
Re: Notification of Material Error or Omission
In a receipts & expenditures report

Governmental Ethics Commission
109 WEST 9TH STREET
TOPEKA, KANSAS 66612

On September 11, 2006 I, Bonnie Sharp, talked to your department and was told to write an explanation of the contribution on 03/20/06 listed on my January 10th report. This money was collected in a basket from the 85 individuals attending the information breakfast in which I spoke. It was not from the Wy. Co. Democrat 3rd District Breakfast Organization. That organization does not give money to candidates and does not accept money from candidates. It was dollar bills, NO \$10 bills were in the collection. Since there were 85 individuals in attendance that is not much more than \$1 donations from each individual I hope this clarifies this contribution in question. I apologize for the misunderstanding in the way it was listed.

On September 11, 2006 I wrote a check in the amount of \$2,000 to the Quindaro Township Democratic Club to reimburse them for the contribution I accepted and deposited on 04/03/06. I did not know this was considered a political committee. I had called and thought a political committee meant a P.A.C.

I hope these actions address and correct the issues raised by your department.

Sincerely,

Bonnie Sharp
