KS Governor's Ethics Commission

Karina,

Thank you for being so patient with us as we try to put this thing to its rightful long rest. To that end, I would also like to terminate the committee.

Here is my first attempt at cleaning things up. The \$8,663.89 in question is made up of the filing fee of \$1,360, 13 expenses of more than \$50 that add up to \$5,499.85, mileage of 2,243 miles at .56 cents for \$1,256.08 and 44 other expenses of less than \$50 that make up the rest. In the attached spreadsheet, I have itemized the filing fee, 13 expenses over \$50 and mileage. For the \$547.96 remainder expenses I simply list "Miscellaneous expenditures reimbursed-all \$50 or less". Does that sound about right?

Let me know if it isn't quite what you need and I can try again.

Scott Morgan
