RE: Contribution of 10-13-08

Dear Sir:

The Kansas Governmental Ethics Commission has notified our County Democratic Party that the campaign contribution we sent you on October 13, 2008, was a violation of state statute prohibiting county parties from expending funds for the campaign of a candidate for federal elective office.

You must have been aware of this because the check was never deposited. We have now put a "stop-payment" on the check.

Please accept our apology for this error on our part and our gratitude for serving our country and party so admirably.

Sincerely,

Gil Gregory, Chairman
Bourbon County Democrats
